## A NOTE FROM RABBI RINGO

Dear Parents sh',

We are well into our preparations for Yud Shvat and especially this year with it being 70 years! BH the talmiddim continue to learn and grow and the progress of the OS talmiddim is wonderful. I have had the opportunity to visit many classes who have made special presentations either in honor of the upcoming special Yud Shevat or general themes relating to what they are currently learning in class. The creativity on show is outstanding and it is particularly rewarding to see how the Rabbeim use these opportunities to ensure a deeper grasp of the material being covered. As always, I really welcome your feedback and should you wish to reach out to me, please feel free to do so. Wishing you much chassidishe nachas!

Rabbi Yaacov Ringo

## NEW! PARENT RESOURCE PAGE

This page features recommendations and contact information for evaluators, speech instructors, Kriah experts, psychologists and therapists, and well-known Mechanchim and Mashpiim. Recordings from past parent events and other helpful links on a variety of parenting, social-emotional and chinuch topics are also available here. Additional resources and information will be added regularly.

## Extra Curricular Update!

In honor of Hey Teves the Talmiddim had a farbrengen with Shliach, Rabbi Hershel Raskin who was in 770 during the time of the trial and Didan Notzach. He shared with us some of his memories from then. In the spirit of learning the Rebbe's Torah in honor of Yud Shvat - Shivim Shana, a special campaign was launched where the Talmiddim learn each day a portion of a Sicha that was said especially to children. Over the years of the Rebbe's Nesius the Rebbe spent hundreds of hours farbrenging and talking to children. Every week there is a quiz with raffles on the materials learned during the week and with this learning the excitement builds towards Yud Shvat!
