

Chaya of Argentina

Ciudad De Mendoza, Argentina

This week we are featuring a Shlucha from far, far away!

All the way from Argentina!!

Welcome...Chaya Mushka
Lapidus from G5 ET!

Chaya Mushka has been
going to online school for six
years!

Her and three of her siblings
go to online school, with her
3 year old brother starting
soon:)

But we'll let Chaya tell you
all about her Shlichus
herself!

Hello! Shalom! Hola!

That's hello in all three of the
languages that I speak!

Here in Argentina we speak Spanish
to all the people who come to our
Chabad house. And we see a lot of
people because we live on the top
floor of our Chabad house! Just one
flight up!

Our Chabad house has our very own grocery store and we're in middle of building a mivkvah!

But a short flight away is another city, with a lot of yidden, and we get lots of kosher food from there.

There's even a camp there! It's like Florida winter camp, except by us, it's summer camp! It's always the opposite by us!

The first time we did Kapparos here was very funny. All the people in our Chabad House were a bit scared and moving their heads away!

Every Chanukah we have a big party here! I helped out this year by giving out little packages to everyone at the party! We also sang, had crafts, and yummy food:)

Did you know that in Eretz Yisroel they have a different dreidel? Can you guess what's different about it?
