

Mushka of Texas

Mcallen, Texas

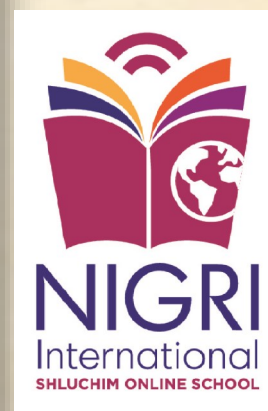

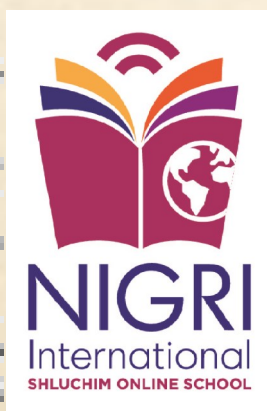

Hello everyone! My name is Mushka Hecht! Yep! That one! From G4 ET1! I'm nine and a half years old and I'm on Shlichus in McAllen, Texas!

McAllen is a really cool place because it's just one hour drive from Mexico! Not that I've ever been there... ;)

I love being a Shlucha here! One of my favorite parts of being a Shlucha is because I get to teach people about Yiddishkeit! Also it's just fun! And of course I love it because my cousins live nearby:)

But the best part of being a Shlucha is...**ONLINE SCHOOL!**

My sister said that when Moshiach comes there won't be online school anymore and that's really sad! But maybe we can still have it when Moshiach comes! If I was a teacher in Online School I would teach 6th grade afternoon. That's the perfect age!

The closest regular school to my house is over 5 hours away! Can you imagine if I had to drive that every day? And with my four younger siblings in the car with me?

McAllen, Texas is a very hot place! In the summer it can get up to 105 degrees outside! When that happens, we usually stay inside. But not

always. Because we have a lot to do!

I like to help my parents out. I give out challah to people on Friday and I even help my father build the Sukkah! I also like to cook in the kitchen.

On the next page you'll find a recipe of my favorite snack to make. I actually made it up myself!

Enjoy!
