

# Toiba of Arizona

Tucson, Arizona

Is it snowing by you? Is it cold?

Well guess what?

Here, in Tucson, it never snows! In the summer it's unbearably hot— like 120 degrees outside!!

We don't leave the house in the summer without running into an air conditioned car right away— it's dangerous to be outside for too long.

My name is Toiba Bigelman. I'm on Shlichus in Tucson, Arizona and I'm, part of the incredible G7 ET! My class is really awesome and I love online school!

It's my favorite part of being on Shlichus!

Another reason I love online school is because my sister Chaya works there!

She got married recently and her wedding was awesome :)

Check out these pictures from her wedding:

In our Chabad house, I like helping my mother out with whatever she needs. There are a few girls my age that come and I talk and hang out with them. Do you listen to your father's speeches on Shabbos? Because I do! It's actually my favorite part of davening!

*Night activities in online school are lots of fun and I like the rally's also!  
But I'm super excited to graduate— to go to high school!*
